DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Turung on 9-23-05.

The application has been amended as follows:

In claim 1, line 7, replace "reactor." with --reactor; including the step of generating a computer image of said portion of said micro-reactor and then sectioning said computer image of said portion of said micro-reactor into a plurality of sectional images that correspond to a plurality of said formed metal foil layers.--

Cancel claim 12.

In claim 13, line 1, change "12" to --1--.

In claim 14, line 1, change "12" to --1--.

Claim Allowance

Claims 1-11, 13-14, and 19-35 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not suggest or teach a method of manufacturing a micro reactor, particularly forming a

plurality of metal foil layers into specific shapes using a lithographic technique by sectioning a computer image of a portion of a microreactor into a plurality of sectional images.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
